2. 31AA Opt-In Recommendation

Dr. Coleman shared that Dr. Roberts would like to present one item for action today. Dr. Roberts stated that he had information regarding 31aa for the December 4 deadline to opt into this funding, which includes new certification requirements.

Dr. Roberts shared additional information regarding the legal implications of 31aa funding. He discussed, in particular, the requirement that the Districts must waive the attorney-client privilege in mass-casualty situations. Dr. Roberts shared details that would face significant opposition due to concerns over constitutional rights. The Michigan Department of Education has extended the funding deadline to December 4th due to ongoing legal challenges. Legal counsel warned that failure to act could result in lawsuits against the district. The board also explored the potential for districts to opt in by December 4th, which is tomorrow, with an understanding that if a decision is made prior to December 30th that is not in our favor, we have the option to opt out, no questions asked.

Dr. Roberts has a 31aa recommendation based on the guidance from the Michigan Association of School Administrators and Legal Counsel. The superintendent recommended that the Board approve the administration to opt into section 31a funding for the 2025-26 Fiscal year, and if necessary, to opt out based on the outcome of pending litigation.
