Dear ad.cuius.bonum@proton.me,

We are in receipt of your FOIA request dated March 14, 2025, requesting financial records for vendors, firms, and individuals for fiscal years **2019, 2009, and 1999**.

After reviewing the request, we have determined that **compliance would be unduly burdensome on district operations** under **5 ILCS 140/3(g)**. Specifically:

1. The **requested records span 20 years**, requiring extensive retrieval and review.
2. The district **does not maintain historical financial records in the specific electronic format requested** for 2004 and 2014.
3. Compiling this data would require significant staff time, interfering with the district's ability to carry out its core functions.

To proceed, we request that you **narrow or modify your request** to reduce the burden. Please respond within **five business days** with a revised request.

If we do not receive a response, we may proceed with a formal denial on the basis of an unduly burdensome request under **5 ILCS 140/3(g)**.

--
