

**THREE RIVERS SCHOOL DISTRICT
8550 NEW HOPE ROAD
P.O. BOX 160
JOSEPHINE COUNTY, MURPHY, OREGON**

Resolution #Fiscal 20/21 - 02

RETURN TO SCHOOL STATE GUIDANCE

WHEREAS, it is the belief of the Three Rivers School District that students have the greatest opportunity for academic and social-emotional success when they are physically in the presence of high-quality teachers, accessible support staff, and fellow students in safe and productive classrooms;

WHEREAS, educating students well, including focusing on their mental, emotional, physical, and social wellbeing, while continuing to safeguard the health of our students, our staff, and our community is our highest priority, and there are undeniable educational and mental health setbacks to all students due to comprehensive distance learning;

WHEREAS, elementary students are mastering foundational learning skills that will be required for secondary grades and beyond, and the impact of prolonged distance learning may impede their ability to do so;

WHEREAS, students experiencing poverty and homelessness, students experiencing disabilities, and students learning a second language are being harmed disproportionately by comprehensive distance learning;

WHEREAS, teachers are the number one reporters of abuse and abuse reports are down significantly in our county and state due to comprehensive distance learning;

WHEREAS, connections with caring adults have been proven to play a significant role in healthy cognitive development of children and youth;

WHEREAS, pediatricians have weighed the substantial harm to children and parents from keeping schools closed and recommend offering in-person learning;

WHEREAS, our district is committed to creating a safe learning environment with appropriate safety measures for all;

WHEREAS, TRSD has created an online school option for all ages for families wishing to keep students at home;

WHEREAS, findings from other states and countries where schools reopened are demonstrating that schools are not super spreader events, but in fact, serve as guardians against transmission because social distancing and masking are adhered to, contact tracing is performed, and robust communication with local public health authority occurs;

WHEREAS, TRSD has proven our commitment to work with Josephine County Public Health to ensure we are following all safety protocols and are able to quickly identify staff, students, and cohorts who have been exposed to or are confirmed to have COVID-19, connect them with medical professionals, remove them and any "close contacts" from the school community, thereby helping slow the spread in the community.

NOW THEREFORE BE IT RESOLVED, the TRSD School Board wishes to thank Governor Brown for the recent reevaluation of the metrics in Oregon which allow over 100,000 more students to attend in-person learning; and

BE IT FURTHER RESOLVED, the TRSD School Board urges Governor Brown to reevaluate the metrics for reopening, incorporating scientific data emerging from within the United States and other countries where school reopening has not resulted in increased community spread of COVID-19; and

BE IT FURTHER RESOLVED, the TRSD School Board urges Governor Brown and local governments to put the welfare and education of children first in Oregon by adopting and enforcing measures to reduce community spread and prioritize funding for K-12 education to manage the increased costs of in-person instruction during the pandemic; and

BE IT HEREBY RESOLVED, the TRSD School Board urges Governor Brown to prioritize the return of all students in grades K-5, with an ultimate goal of returning all students to school, by establishing metrics that follow the science and align with many states and countries which have prioritized education first and foremost by reopening schools or delegating authority to local districts to decide when it is appropriate for these students to safely return to school.
