

### **Good Medicine Program update for September 2019:**

- Our next Youth Mental Health First Aid Training will be on September 20, 2019, for the Blackfeet Community College.
  
- We are currently gathering data for the end of the reporting grant year. Our grant evaluator will send us a detailed report for the last five years of work and I will send it with my board update.
  
- We are hoping to get the Suicide Prevention line, text number, and website on the back of all 6<sup>th</sup> to 12<sup>th</sup> grade students ID cards.
  
- The Good Medicine Program staff members are in their designated buildings working on individual supportive supports, creating groups, and working with the students, staff, and families on how to effectively provide supports.
  
- The following is the building assignment for Good Medicine Staff members.
  - Jennifer Ehlers: Browning Middle School
  - Tessa Racine: Napi Elementary School
  - Juliana Salois: KW Bergan/Vina Chattin School
  - Kimberly Tatsey-McKay: Browning Elementary School
  - Daniella Rinehart: Napi Elementary School
  
- The Good Medicine Staff members would like to send a BIG THANK YOU to the school board, BPS staff members, and community for their continued support.
