

Unity School District
Administrative Rule 373.1
Student Social Events
2/12/2019

Social hours and other dances (homecoming, proms, etc.) are part of school social activities. All social activities must be sponsored by a recognized school organization, have approval of the school administration, and be held in the school building.

Prior District Administrator approval is necessary for scheduled off-campus events/activities. Off-site Prom events require Board approval.

Generally, social hours are restricted to a school building's students only. However, guests are permitted with prior approval by the principal and a permit which can be secured at the principal's office.
