

**School Board Meeting/  
Workshop Date:**

May 23, 2011

**Subject:**

Elementary Parent Handbook 2011-12

**Presenter:**

**Scott Thielman**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Recommend board approval

**DESCRIPTION:**

The attached Elementary Parent Handbook is used by all elementary schools. Each elementary school will add information that is relevant to their particular building (i.e., building specialist schedules, lunch schedules, etc.)

The only changes made to this year's handbook are:

- a section on latex balloons not being allowed in district schools (see page 17). This is a district wide policy that was implemented this year.
- volunteer background check – price increase – eliminating “will begin the practice” (see page 14)
- school cancellation – update that announcements are now also made via Blackboard Connect (see page 7)
