

Cameron Elementary School
Principal's School Board Report
November 17, 2025

October 31 - Cameron Elementary School had their Halloween celebration. It was a big hit with a lot of fun costumes from staff and students. The highlight of the day is the all school parade. All students and staff meet in the gym. All students and staff have the opportunity to walk around the gym to show off their costume.

November 3 - We had our Student of The Month recognition in the gym. This year we are calling this the "Onederfall" Student of The Month. Our theme for the school year is "Be The One." We have changed the way we present our recognition. This year, instead of announcing the student over the loud speaker, we are having a short all school assembly. It has been a fun way to cheer on our fellow classmates.

November 6 - Cameron Elementary School had their Fall Parent-Teacher conference. We had 94% of families meet with their teacher either in-person or virtually.

November 7 - District Flex Day

November 7 - Stronger Connection grant meeting.

November 11 - Veterans Day Program - Thank you to Mrs. Traicoff-Stratioti for organizing such a good program. I would like to thank Mrs. Liedl-Rykal for putting the video together. Thank you to our custodial crew for setting everything up.

November 18 - Our Act 20 team is meeting with the special education teachers to go over intervention implementation. This is still a new process and we are constantly finding ways to get better.
