Note: We currently have 5 aide vacancies.

Domain I: High Quality Curriculum and Effective Instruction

GLOWS:

Dalton and UEF calibration for teachers to observe math delivery of instruction! Great job teachers!

Showcase our math instruction with Devine and Carrizo Springs Central Office Staff. Focus of the administrative guests was to view the scope of our lesson sequence.

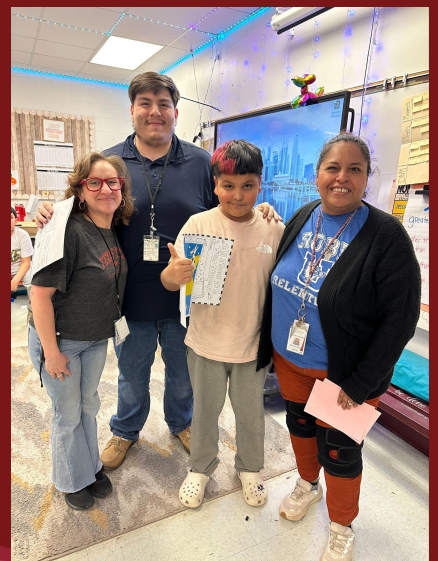

Domain 2: Effective, Well Supported Staff

Support provided to staff:

1. Region 20
2. Instructional Coach
3. Monthly staff meetings
4. Targeted professional development
5. Connection Hours with Resiliency Center
6. Mindful Chair Experience
7. Monthly Staff Appreciations

These committees play a vital role in enhancing the educational experience of staff and students.

- Behavior Threat Assessment (BTA) Committee
- Site-Based Decision Making (SBDM) Committee
- Positive Behavior Interventions Support (PBIS) Committee
- Sunshine Committee
- MTSS Committee
- UEF PTO Parent Committee

Domain 3: Positive School Culture

Campus Events & Activities

- Quarter Campus Assemblies
- Counselor's Corner
- STC Bingo & Literacy Nights
- UIL Competition
- Veterans Day Ceremony
- Thanksgiving & Spring Luncheons/ Picnics
- Christmas at the College
- Christmas at the Crossroads Parade
- La Posada and Christmas Program
- Monthly PBIS events
- Monthly Staff Birthday Potluck Luncheons
- Bike Safety & Walk Across Texas Presentations
- Student Council Blanket Drive
- Campus Connection Hours
- Field Day
- Counselor Lunch Bunches
- Saturday Classes

Campus Organizations & Programs

- Student Council
- UEF News Crew
- Calm Commanders
- UEF UIL Team

Programs & Services on Campus

- Save the Children
- ACE
- Communities in Schools
- District Resource Pantry on Campus

Domain 4: Alignment of Financial Well Being with Student Achievement

Financial Resources on our campus provide for the following:

1. Tutoring for students through Saturday classes
2. Instructional materials to provide support in differentiated instruction for students
3. Provision of learning Apps such as IXL for 5th grade Science
4. STAAR Countdown incentives for students
5. Teacher & Staff appreciation
6. Daily logistical needs on campus

Moving Forward- Campus Grow

In moving forward, we hope to continue working toward improving:

1. Campus culture - Upcoming Teacher Appreciation week, Campus Talent Show, News Crew Maroon Minutes
2. Building community involvement - i.e. Upcoming Career Day, Robotics Showcase, Talent Show, End of Year Awards
3. Transitioning to new campus- Continual planning of transition to new campus, systems in place to ensure a smoother transition for staff and students
4. HQIM internalization- New roll out of RLA Bluebonnet & Continual usage of Eureka Math, New roll out of STEM component

Maroon Minutes 2

Campus Glows

Uvalde Elementary Physical Education and Rotation Staff play vital roles in reinforcing the school culture. They regularly create opportunities to express the foundation of our school in a meaningful manner.

The STEM program has been actively engaged with the robotics teams. Students in the third and fourth grades participate in the Explore team, while those in the fifth grade comprise the Challenge team. The teams are diligently preparing for an upcoming robotics showcase at the end of the month. This showcase will enable the teams to demonstrate what they have learned and created through STEM exploration within the Uvalde Consolidated Independent School District.

The Physical Education department has been establishing partnerships with Texas A&M AgriLife to educate students about hydration, sugar intake, and bicycle safety. We are grateful for our community partnerships that encourage students' wellness and healthy habits.

Furthermore, they are preparing for Field Day, which will be held at the Honey Bowl.

The Fine Arts program is concentrating on promoting kindness by giving back to the Uvalde community through the creation of a mural for the interior of the Henry De Oso Project Foundation located downtown, where Our "21 Robb Elementary students and staff are honored. Students have actively participated in every aspect of this project, from creating homemade tiles from clay, glazing, and applying adhesive, to laying the tiles. This initiative provides real-world, hands-on experience. Moreover, students have also participated in our Uvalde CISD Bus Safety and SWTJC Creative Arts Contest.
