

Beeville ISD
BOARD OF TRUSTEES

Date: October 19, 2010 Presented By: Dr. Sue Thomas

Subject: Grants Management Manual Related Page(s) _____

Information

BACKGROUND INFORMATION:

The District is creating a Manual/Handbook which covers all aspects of requirements for State and Federal Grants and any activity associated with those grants. Recent Federal Audits of schools in Texas have revealed that many districts are not following required procedures in the management of grant monies. Districts that have been audited have spent thousands of dollars in disallowed expenses because they were not in compliance. This information will update the Board on procedures that are necessary to assure that Beeville ISD is in compliance with all Federal and State requirements.

RECOMMENDATION:

BOARD ACTION REQUIRED
