

Instructional Materials Adoption

The state of New Mexico has established 2024-2025 as an adoption year for grades K - 12 Science. Teachers have been asked to review and select from publishers. Our office set the following adoption timeline:

1. Late September through early October

The Department of Teaching and Learning met with grade levels and departments about the adoption process and timeline.

2. October - Early December

Samples from publishers were requested by the teaching and learning department. Both written and online sample materials were requested. The materials were delivered to the Department of Teaching and Learning and then delivered to the various grade levels and departments throughout the district. The following publishers sent materials:

K- 5: Savvas, McGraw Hill, Twig, Amplify, and STEMscopes

6-8: Savvas, McGraw Hill, Twig, Amplify, STEMscopes, and Activate Learning

9-12: Savvas, McGraw Hill, and Cengage

3. Mid-December

Teachers submitted their choices of publishers they wanted to meet with during February and March. Below is the list of meetings that were scheduled:

		Publishers		
	STEMscopes	Savvas	McGraw Hill
