Subject: Focus Schools Progress Monitoring Report to the Board of Education

The Michigan Department of Education requires districts to provide reports to their Board of Education on the efforts being made to reduce the student achievement gaps in Focus Schools. The report is required to be presented during a Board of Education meeting.

I would like to request an opportunity to present the third Focus School Progress Monitoring Report for the 2016-17 school year on the key efforts at the district and school levels to address the student achievement gaps in our Focus Schools. We also received word from the Department of Education that Garfield had been removed from the Focus School list just days prior to us asking them to remove the school due to its closing.

Please consider adding this agenda item to the July 24, Curriculum Committee segment of the Board of Education Meeting.

Thank you for your consideration of this request.
