2 High School students are attending Brackett Educational Academy

Four students have moved into our District identified as Special Education within the last month. One has already withdrawn. We expect a migrant student that is SpEd to enroll within the next month as well.

We have two referrals in progress. One is a student new to the district that had prior psychological issues, the other is a student new to the district that was speech only but is having difficulties. There is another student also with prior psychological issues we are currently requesting records for.

The Response to Intervention(RTI) program used in Elementary/Intermediate is giving us wonderful data that will be invaluable if a referral becomes necessary.

Please feel free to contact me with any questions.

Respectfully,
Melanie Jones
