

I am attaching the Reserved Seating Chart for Section 2 (center) of the Home Side bleachers. There are 418 regular seats, and 4 handicapped seats, for a total of 422 seats. Your tickets would show "Section 2, Row A, Seat 1", etc. Sections will be marked at the top and bottom, and each row will be identified at the aisle. The individual seats will have only a number. As you sell the reserved seating, you can "highlight" the seats purchased for the purchaser of the tickets, and "highlight" the master seating chart to easily see which seats are still available. Let me know if you need any further information.
