

### Robotics off to PNW in Cheney:

Team Confidential is headed to the Pacific Northwest Championships at Eastern Washington University in Cheney. This seems like an annual trip but it only happens through hard work and dedication. This year's team earned their spot in three different ways. First, they won the Engineering Inspiration Award at their first competition in Salem. Second, they won the FIRST Impact Award which is the highest award given, in Yakima.. Third, their robot qualified by placing 36th out of 126 other teams from Oregon, Washington and Alaska.

### Annual Twins Rock Trip:

Mrs. Blake and Mr. Navarrete combined Honor Society and Key Club students plus a few others for our annual trip to the coast. This is one of the most anticipated activities for students. Even though it is a service project where our students do much need maintenance and grounds improvements, they always have fun while they work. This year, our students tackled some strenuous projects that they wondered if they would get completed. They did! They also enjoyed some nice weather which is always a plus at the coast in the spring time. A big thank you to Mrs. Blake, Mr. Navarrete, and Ms. Ridings for chaperoning this unique opportunity for students.

## Annual Twins Rock Trip:

## Spring Sports

Our spring season is rolling . Teams are busy traveling to their games

**Track:** We are seeing success at meets. Miguel Gutierrez Leon broke a 20 year old record in the discuss. He threw 150'4". The old record was 141'2.25".

**Tennis:** Tennis has had to play in several windy days but they are continuing to see improvement and having fun.

**Golf:** The boys and girls are hitting the greens and improving each day. They are young and inexperienced but coaches are seeing their confidence grow and skills improve.

**Softball:** Our team is young and we have several players who are just learning the game. They have battled in most of their games and continue to put in the work.

**Baseball:** Baseball is off to a good start. They are 6-4 overall and 1-1 in league. We are seeing strong leadership in our seniors and Carter Griggs has had some excellent outing on the pitching mound.
