

Addendum to: *Lauer_24-25_Contract*

Hinckley-Big Rock CUSD 429 recognizes that the Administrator requires a cell phone with data plan for connectivity. Administrator may elect to carry a district cell phone for business use only, or utilize a personal cell phone for business use. If the Administrator elects to use his/her personal cell phone for business purposes, the District will reimburse \$25 per month of this contract. Administrator must submit a request for reimbursement along with a copy of the cell phone bill in order to receive reimbursement. If these conditions are met, the reimbursement will not be treated as taxable income. This benefit takes effect on the date of board approval.

Becky Lauer
