2024 Legislative Session Model Policy Updates

MSBA is committed to providing ongoing updates to model policies as state laws and other developments give rise to changes.

One-Meeting Adoption: The updates listed below quote directly from new Minnesota laws and other legal sources or are clerical updates that do not affect the substance of a policy. As such, a school board may choose to adopt updates in a single meeting pursuant to MSBA Model Policy 208. School boards may contact MSBA if questions arise regarding revisions.

Cell phone policy: MSBA updated Model Policy 524 to include language regarding the recently enacted law regarding cell phones. **School districts are not required to have a cell phone policy until March 2025.** For now, the new model policy language provides broad direction to school administrators to create cell phone rules and procedures if none exist. Please note that the Minnesota legislature directed the two Minnesota school principal associations to make best practices available to Minnesota schools. When these best practices are available, MSBA will review them and revise Model Policy 524 as appropriate.

Notes: MSBA is expanding its use of explanatory **Notes** to assist school board members as they review the updates. School boards may decide whether to include or remove the Notes in their district policies.

A .zip file of the updated policies (clean and redlined versions) can be found on the MSBA website:
