FIELD TRIPS

NONSCHOOL USE

The Superintendent or designee shall develop administrative regulations for requesting, scheduling, and using District school buses for extracurricular activities and field trips. The regulations shall address any necessary charges to student groups for such uses, in accordance with applicable state rules.

The District shall not permit nonschool use of District school buses and other District vehicles. Exceptions may be made for requests by other school districts in an emergency situation.

[See GKD regarding nonschool use of school facilities]
