

Classrooms on the Nuna 2024

Team Nanuq

What our team name means:

- Nanuq is the Iñupiaq term for Polar Bear. A polar bear is a large bear native to the Arctic and nearby areas. It is closely related to the brown bear, and the two species can interbreed. The polar bear is the largest extant species of bear and land carnivore, with adult males weighing 300-800 kg.

Team members & roles:

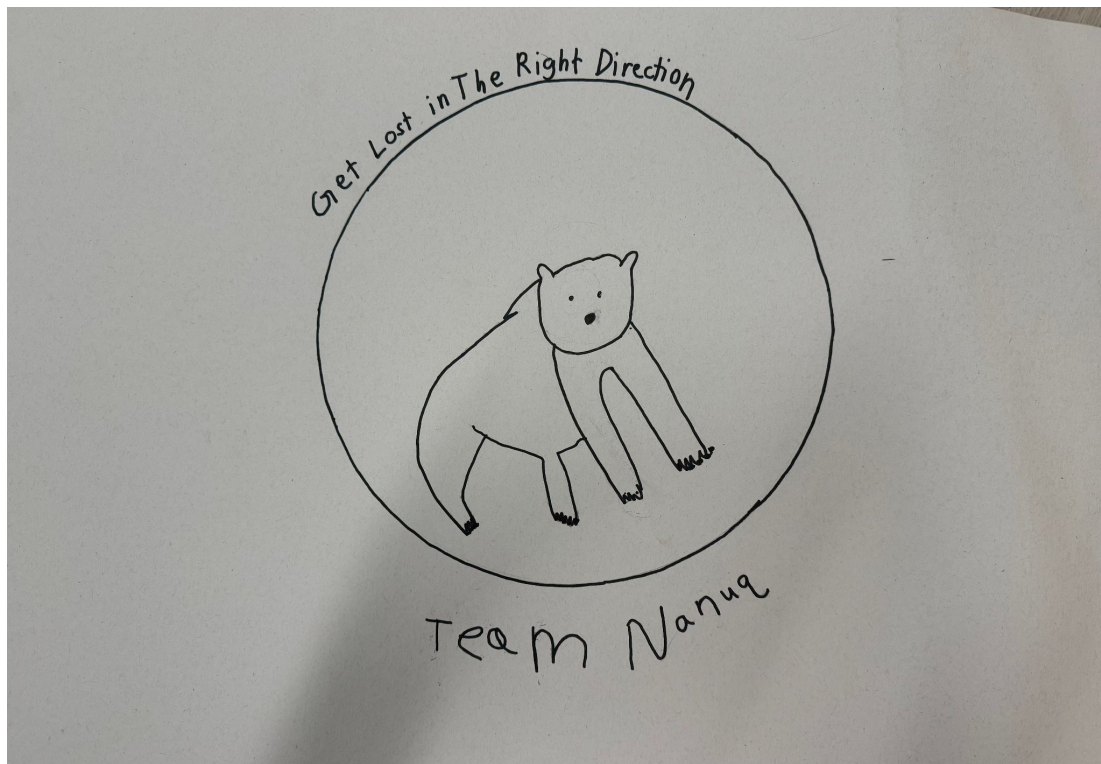

Captain: Isaiah Geary

2nd Captain: Eli Kippi

Teammates: Colin, Athena, Daryll, Desiree, Cory,
Mark, AJ, Candace, Tebias, Kaden,
Ekelan, Flossie, Ducky, Sawyer,

Kimik: Evans Geary

Team flag:

Team goals...and how we did:

Goal 1: **Teamwork** - We work together as a team to win first for most of the games except in tug of war which we come second. We also worked together to clean our tent.

Goal 2: **Cooperation** - We cooperate in keeping eyes to the younger team members to keep them safe and follow the instructions of our teacher facilitators. We always asked our teachers to accompany us during fishing and caterpillar hunting, we didn't go on our own.

Goal 3: **Responsible** - We throw our trashes in the trash bins. We didn't leave our trashes on the nuna.

Takeaways from Wanda Kippi and Kate Burnell:

*Wanda Kippi- Camping on the river, hunting for subsistence, and her childhood experiences like when her parents brought her when they went for hunting for months, and the tuttu meat as her "lollipop" during that time.

*Kate Burnell- About how and when the coal mining started and who are the founders of it.

Team highlight:

Fishing, caterpillars,
hearing elders stories,
tug of war, berry picking,
hot chocolate.

Team wishes for next year:

- Having older and younger kids go separately to fish sometimes.
- More games
- More fishing rods
- More walking
- Boat ride
- Clean Tents
- Sewing
- Beading
- Cleaning fish
