

Technology Report

Workstation Upgrades

- Switched staff devices to Apple
- New teacher and secretary computers
- ~300 new student laptops and iPads
- Installed new wireless display adapters in all teacher classrooms and conference rooms
- Replaced aging document cameras in ~25 classrooms

Network Upgrades

- Doubled internet speeds at MDHS/HHS, PLMS, BRMES, DES from 1gb/s to 2gb/s
- Installed new firewalls at each campus to be able to accommodate the faster internet speeds
- Replaced network switches at MDHS/HHS campus
- WIFI Network – Access point installation delayed due to slow turnaround time with E-Rate review process. Still hoping to get these installed before school starts
