Background Information:

The MISD Quality Seats Analysis (QSA) was conducted to provide key data insights on the number of scholars attending school campuses in high quality seats (A or B rated school campuses) and to support the development of strategic decisions and school actions that increase scholar equitable access to high quality schools and diversify school choice options available to scholars and families.

Based on key insights and findings from the QSA, the following district priorities, goals and school actions have been established directly aligned to the MISD Mission, Vision and Strategic Plan:

- Transform our D-rated and F-rated Middle Schools: Execute school actions to ensure every middle school is an A- or B- rated campus.
- **Expand district choice:** Ensure quality district choices in every neighborhood, including providing more access to high-quality options with existing demand.
- **Improve C-rated Campuses:** Implement continuous improvement cycles using ESF-aligned plans and district support of implementation.

HB3 Goal Alignment:

All HB3 Goals apply.
