

Board Report March 2017

Golf—Tennis—Track all going every week, and kids are gone, as well as coaches a lot!

Golf meets are usually one day girls and one day boys. Tennis is girls one day, and boys/ mixed doubles the next day. Track we usually miss the last period and a half of the day of the meet.

Coaches Education

Haberthur—McDowell—Holloway—Lantelme all attended a football clinic in Dallas on February 17-19. This was an intensive three days chocked full of nothing but the offensive system we will be using. We are converting to a spread offense, high tempo at times, utilizing multiple ball carriers. The Tony Franklin System is what it is specifically called. Tony Franklin is currently the offensive coordinator at Middle Tennessee University. His offenses are perennially at the top of all the offensive statistic categories. Canadian—West Texas—Childress—Booker (notably Lile/ Reagan)—Bushland—Lubbock Coronado—Caprock, are all teams around that are using the system. At the clinic we spent Friday the 17th from 1:00-10:30 PM on learning the fundamentals of QB—WR—RB—OL play in this offense. We each physically went through the drills at the clinic, as well as lecture on the intricacies of the offense. Saturday/ Sunday were filled with scheme, game planning, play calling, etc. In all we totaled 35 hours of instruction at the clinic. It was from morning to 10-11 every night. This was a GREAT clinic for us to attend, as most clinics are a smorgasbord of topics. In addition, I will be traveling to Middle Tennessee over spring break to attend two days of their spring practices and one day of film study. I will be able to be right on the field and hear and see exactly the way they coach every thing. The next benefit of this system is that clients get to send their athletes to a summer camp, which is July 13 and 14 this year at WTHS. The people of the system come and run/ coach the camp. They will have WR—QB—OL—RB coaches from their organization doing the camp. The cost is \$200 per kid, which is significantly lower than a college camp, and many times more beneficial, because it is exactly what and how we will be doing things. It's an extra 2 days of primer before our August practices start. We will need to get a donor for some of the cost, as any outside of school activities cannot be paid by the school or associated booster clubs. (UIL rules) Anyone needing work done, so our kids can earn their way to camp is what we will be looking for... not just a handout.

District Track—April 13—Fritch

District Tennis—April 4 & 5—Pampa HS

District Golf—April 3 & 10— Phillips course in Borger

JH District Track—April 8—Sunray
