TITLE: **Approval of School Facilities Board (SFB) Grant Terms and Conditions -
Ironwood Ridge High School Cooling Tower Refurbishment, Project Number
100210280-9999-005BRG**

BACKGROUND:

Ironwood Ridge High School has three cooling towers that serve the campus and are in need of refurbishment. The fill material is heavily scaled and deteriorated to the point that they are blocking airflow. The fill support structures are rusted and failing. Scale and debris are impacting performance of check valves and pumps. Drift eliminator sheets are in need of replacement. Check valves and condenser pumps need to be replaced or rebuilt.

This equipment is original to the school and is 14 years old. The District submitted a request to the SFB for a Building Renewal Grant and on June 3, 2015 the School Facilities Board approved the grant request in the amount of \$86,000.

To accept the Building Renewal Grant, the District's Governing Board must approve and execute the attached Terms and Conditions. These Terms and Conditions apply to the distribution of funding by the SFB from Building Renewal Grant Fund pursuant to Arizona Revised Statutes, §15-2032.
