

Minidoka County School District

Transportation's Report

December 30, 2016

We hope everyone had a blessed Christmas and a very Happy New Year.

We have had a change this month. Layton Larson is going to move to Rt. 48 due to the fact that Tracy Draper moved to Rt. 64.

We had three bus citations this month. Two were spitting in each other's faces and the other was for using foul language. This was a super month.

Our mechanics are working hard to keep the buses up and running. This year we have had some major breakdowns, and the guys are working their fingers to the bone and getting them fixed. I am so lucky to have them on our staff. They are amazing.

Bus boss, our new routing software, is coming along slow but sure. We are doing some clean up on a lot of roads and address ranges but it's getting done. I think this program will help the district with some routing issues. Please be patient with us - it's a huge job.

All in all this was an amazing month. Everyone had the Christmas spirit and all was right with the world.

I would like to thank my staff for all they have done for me this past month. They all stepped up to the plate and took over while I was off with my surgery. I work with the best family in the whole world. Love them to pieces.

Alicia Bywater
Transportation Supervisor
