BACKGROUND INFORMATION:

A brief informational hearing was held on the School Improvement Plan (SIP) for AC Jones High School. The plan was developed by the staff at the high school using information from the Texas Education Agency, as well as analysis of data from the school on attendance, discipline, TAKS, and completion rate. TEA requires that the plan be approved by the board. Throughout the year the campus will submit to TEA progress reports regarding the implementation of the items in the plan. The School Improvement Plan is posted on the Internet at <http://dci.beevilleisd.net/board.htm>. The plan is posted in both the TEA format and as a power point, which is easier to read.

RECOMMENDATION:

Approval

BOARD ACTION REQUIRED: Sample Motion

I move the Board approve the AC Jones High School SIP (School Improvement Plan).
