

January 14, 2025

Matt Rich, Ed.D.
Winfield School District 34
Winfield, Illinois

We propose to provide building commissioning services in compliance with IECC and with the State of Illinois for the **District 34 Winfield Primary HVAC Project** for a lump sum fee as shown below.

Winfield Primary HVAC=\$11,950.00

Our services are based on the following IECC code chapter.

IECC SECTION C408 SYSTEM COMMISSIONING

Scope of Work

- Develop Commissioning Plan
- Review Existing drawings, Submittals, operation errors
- Write Functional Testing Procedures
- Site Visits as appropriate
- Execute Functional Tests
- Review recommended corrections determined by the Functional Test
- Issue Final Commissioning Plan.

Systems to be Commissioned

- All new mechanical systems 100% testing sample
- Test and Balance
- BAS control system

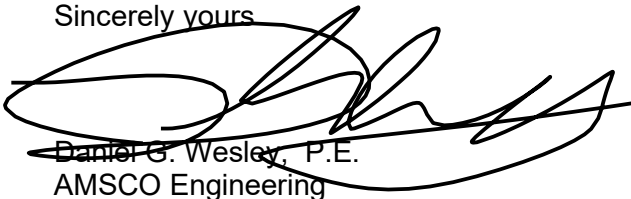

AMSCO Engineering is covered by, "Architects and Engineers Professional Liability Insurance Policy" in the amount of \$2,000,000.00.

Billing rates for hourly work are as follows:

Commissioning Authority	\$195.00
Commissioning Process Provider	\$115.00
Commissioning Associate	\$115.00

Thank you for the opportunity to quote the above project.

Sincerely yours

Daniel G. Wesley, P.E.
