Re: Superintendent's Board Report

Idaho Code 33-519 Release for Religious Instruction

- Idaho Code allows for the release of students for religious or other purposes. There has been a request for this at the high school. Per Idaho Code, no credit shall be awarded by the school or school district for the completion of courses during release time for religious purposes.

Accountability Oversight Committee

- The Accountability Oversight Committee is an ad hoc committee of the State Board of Education. I was recently appointed by the State Board of Education to participate as a member of the committee. I will be representing superintendents on the eight person committee. Three of the committee members are also members of the State Board of Education. The committee is responsible for providing recommendations to the State Board of Education regarding Idaho's accountability and assessment system.
