23-24 Master Schedule

- The master schedule for 23-24 is mostly completed. Mrs. Doyle is working now on making some minor adjustments to courses to try and get the most students their preferred classes.
- We are still on track to provide students with their schedules by the end of the school year.

Youth Skills Training

- I met with staff from Sourcewell and principals from Pequot Lakes, Pillager, and Brainerd in order to bring some internship opportunities for our students through the Youth Skills Training Grant obtained by the staff at Sourcewell.

- Our first task is to provide an opportunity for up to 5 students to earn their CNA certification in a semester course coupled with a medical terminology course. This is slated to be in place for students second semester of 23-24.
- Our second task, which is almost ready to put in place, is to create an internship with Graphic Packaging. As a part of this opportunity, students will get a paid internship and OSHA 10 certification. This is slated to be in place for the 23-24 school year.
