

## Proposals for Stipends

1. Football Coaching Stipend- Assistant Football Stipend raise it \$250. I as the Athletic Director feel 2,000 for all they do and the extra hours they put in on Saturday's and Sunday's is low. I have called a lot of the local District's and most of the Assistant Football Coaches are from 2,500-2,750.
2. Power Lifting- I made a Recommendation 5 years ago that we make Power lifting a Major Sport. The Board wanted to see the Participation increase. I feel like we have done that. We had a full boys team and 6 girls that competed and competed well. I would like to make this a major sport for our school.
3. Assistant Athletic Director- I feel like as an Athletic Department we have increased our participation by leaps and bounds. I need someone that can be the next person in charge when I'm not on Campus. This person will be responsible for all Academic communication between the Students and Teachers. This person will be responsible for dealing with all Recruiters and also help getting our kids recruited. I would like this to be the title and also a \$500 stipend.
