Good morning,

I am writing to let you know that unfortunately I will not be returning this year. I think it would be best at this point for me to resign. I would not want to hold up a spot for you to hire someone in my place that can work the rest of the year as I am not able to. I most definitely enjoyed my time at Irving though it was cut short. Everyone was so welcoming and I am going to miss it for sure. Stay safe and I hope all is well.
