

Technology Dept Report

March 13, 2017

Classroom Technology

- We will be ordering the laptops for next year's 9th grade in March. We plan on ordering close to what we ordered last year. We also plan on collecting the current laptops before the last day of school.

Security/Video

- We have replaced most of the dead cameras except for the ones we couldn't reuse the existing wiring. We are now in the process of re-wiring for some of them. The quality of the new cameras is a huge improvement compared to the old cameras.

Online Registration

- We are working on a new student registration form that will allow a brand new student to fill out all the necessary paper work online without the need to come to the school. Because of the non-stop work orders that keep being submitted, this project has been put at a lower priority for the time being.

Phones/Intercom

- We are planning on replacing the phone system for Minico during Spring Break. Paul and West will be replaced in the first part of August.

Work Orders

December	January	February
73 New	93 New	65 New
107 Resolved	78 Resolved	73 Resolved
51 Incomplete	66 Incomplete	58 Incomplete
