Sept 19 – Board Meeting – Administration – 7:00 PM

B. Elementary #5 Update

At this writing, the City of Fort Worth has completed the review of our initial application for a building permit. This is great news in that from this point forward we need only to respond and comply with issues identified by city staff. It is reasonable to assume the District will receive the final building permit within a, roughly, two week window from now.

As was mentioned at the July 18th meeting of the Board, the next significant timeline to be met by our partners at Walsh is the requirement to have all permanent utilities and infrastructure in place and accepted by the city. This will allow us to go “vertical” on the structural members of the new school.

A web camera is on the site and can be viewed by clicking on this [link](#).

C. Convocation Report

Administration will report to Trustees a summary of the day’s activities. More info to come related to this item.
