SCOPE

Subject: 110 Ton Rental Chiller for 6 months – start date May 2022

We are pleased to offer a Carrier Air Cooled Chiller. We are pleased to submit the quotation which confirms our rental offering.

Application: HVAC application, Nominal 100 ton chiller package, Rental package includes chiller, transformer, 75' runs of 4" hose, 100' runs of cable to connect building power to transformer and chiller, 4" elbows to assist in connecting to existing piping.

House pump to be used to circulate water for rental.

Cleanetics will provide installation, labor and start up for chiller.

Cleanetics will also disconnect chiller after rental period expires (unless rental period is extended)

Documentation and Permits

Furnish a tax-exempt certificate, if applicable.

Furnish proof of insurance on all rental equipment prior to shipment.
