

# Fiscal Year 2026-27 Budget Presentation

**June 1, 2026**

Presented by Brian Schultz, Director of Finance

# Agenda

- Background information
- General fund budget assumptions
- Present FY27 recommended budgets
- Questions

# Background Information

# The Budget Reality

School districts nationwide are navigating an unprecedented fiscal environment where traditional funding models no longer align with operational realities.

## Rising Operational Costs:

- Inflation continues to drive up costs across all categories: salaries, benefits, transportation, utilities, and insurance premiums are all increasing significantly.
- While the budget will grow next year in absolute dollars, inflation means our actual purchasing power is declining.

## State Funding Gap:

- State funding has not kept pace with inflation or the true cost of delivering quality education over time, creating a structural imbalance.

## Regional Trend:

- Many districts across our region and state are facing similar challenges, making this a shared challenge requiring thoughtful, strategic responses.

# When the formula doesn't keep pace with inflation

GenEd Formula Allowance if adjust by inflation since 2003:	\$9,157
FY27 Actual GenEd Formula Allowance:	\$7,683
<b>Difference per pupil:</b>	<b>\$1,474</b>
FY27 Revised Enrollment Projection:	5,661
FY27 Actual GenEd Formula Allowance:	\$7,683
<b>Estimated Gen Ed Aid Formula Allowance:</b>	<b>\$43,493,463</b>
FY27 Revised Enrollment Projection:	5,661
GenEd Formula Allowance if adjust by inflation since 2003:	\$9,157
<b>Estimated Gen Ed Aid (if kept pace with inflation):</b>	<b>\$51,837,777</b>
Estimated Gen Ed Aid (if kept pace with inflation):	\$51,837,777
Estimated Gen Ed Aid Formula Allowance:	\$43,493,463
<b>FY27 additional \$ for WSP if the state kept pace with inflation:</b>	<b>\$8,344,314</b>

## General Education Formula Allowance, 2003-2027

Adjusted for Pupil Weight Change and Inflation (CPI)

# Government Fund Structure

## General Fund

Used to account for the general operations of the school district. This fund includes salaries and benefits for teachers, principals, custodians, administrative support staff, paraprofessionals, and administrators, costs of supplies, textbooks, contracted services, utilities, repairs, and equipment. This fund is also used for long-term facilities maintenance (LTFM) projects of less than \$2,000,000 per site and for the capital projects (technology) levy.

## Food Service Fund

Used for all expenditures related to operating the district's cafeterias, including food, salaries, benefits, supplies, and equipment. Food Service revenues come primarily from state and federal aid for meals served that qualify for reimbursement along with some revenue coming from the sale of meals to students and adults.

## Community Services Fund

Used for expenditures related to community education programs such as Early Childhood Family Education, Adult Basic Education, youth enrichment classes, and Community Education Programs. Community Services revenue primarily comes from fees charged for the programs, state aid, and property tax revenue dedicated to community services.

## Building Construction Fund

Used for expenditures of major building projects. Proceeds from the sale of bonds authorized in an election or against lease levy authority are tracked in this fund. This fund is also used for long-term facilities maintenance projects exceeding \$2,000,000 per site.

## Debt Service Fund

Used to accumulate and account for resources that fund principal and interest payments on bonds sold to finance construction. These are akin to a homeowner's payments on a mortgage.

## Why is this information important?

Understanding the fund structure is important because, with very few exceptions, money cannot be transferred from one fund to another. For example, raising a la carte prices or School-Age Care tuition is not a solution to a shortfall in the General Fund. Similarly, the resources of the Debt Service Fund or the Building Construction Fund cannot be used to pay teacher salaries.

# Fund Balance Categories

## Restricted

*Legal constraints of how funds are used*

- Operating Capital
- Capital Projects Levy
- Long Term Facility Maintenance (LTFM)
- Staff Development
- Food Service Program

## Non-spendable

*Not in spendable form or legal requirement*

- Prepaid items
- Inventories

## Assigned

*District has determined a specific purpose*

## Unassigned

*Most flexible fund balance*

- Basis for Statutory Operating Debt (SOD)
- The balance most widely referred to by individuals

## Unrestricted

*Combination of Assigned and Unassigned*

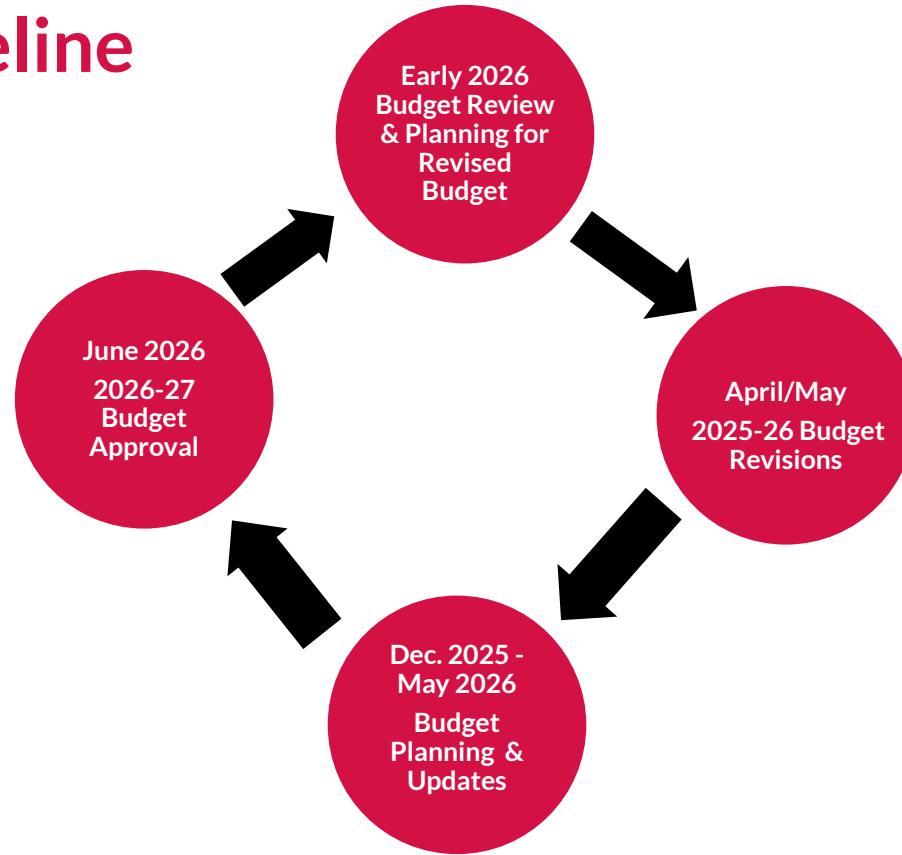

# Fund Balances

## General Fund Information:

Maintaining a prudent fund balance is vital for district stability and is a key factor for bond rating agencies when assessing credit ratings for debt issuances. The district's policy targets an unassigned fund balance of 8% of total operating expenditures. This balance acts as the district's "savings account." Unforeseen events that may require using the unassigned fund balance include:

- Enrollment fluctuations
- Unanticipated price increases for essential purchases (e.g., fuel, utilities, transportation)
- State or federal aid reductions
- Property tax delinquencies and abatements
- National or worldwide events
- Unforeseen public health emergencies or severe weather/natural disasters

# Budget Timeline

# General Fund Budget Assumptions (Fund 01)

# FY2026-27 Revenue Projection information

## Enrollment:

- Used 5,099 ADM's (5,680 APU's) for FY2025-26 Revised Budget (K-12)
- Used 5,086 ADM's (5,661 APU's) for FY2026-27 Original Budget (K-12)
- Enrollment Note: Increases or decreases in enrollment affect costs of staffing/materials depending on the grades and locations of the enrollment changes.

## State Aid: Formula Allowance :

- 2.74% in FY2025-26
  - \$7,281 PPU to \$7,481 PPU for FY2025-26 (\$200 increase)
  - Roughly 39% of the estimated revenue budget (total state aid is approx. 70.9%)
- 2.69% in FY2026-27
  - \$7,683 PPU which is an increase of \$202
  - Roughly 40% of the estimated revenue budget (Total state aid is approx. 71.3%)

## Levy/Local Property Taxes:

- FY2025-26 :
  - Estimated to be roughly 24.3% of the revenue budget
- FY2026-27:
  - Estimated to be about 23.9% of the revenue budget

# Revenue and Fund Balance Projection information

## Special Education Revenue

- Cross-subsidy at roughly 75% reimbursement, which means the general fund pays for \$250 of every \$1000 spent.
- We expect more revenue, but it is a result of more costs.
- We have seen an increase in Special Education state aid by utilizing Federal revenue for tuition bills

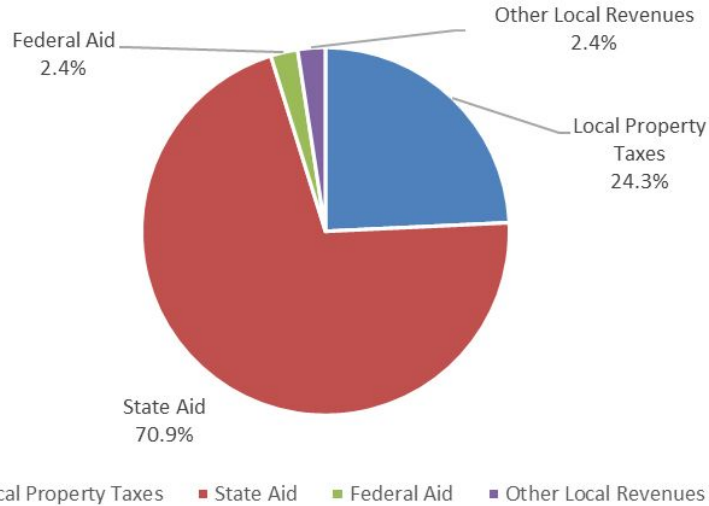

## Fund Balances

- The projections presented assume full utilization of restricted funds.
- Should we not be able to fully utilize our restricted funds, some of the projected unassigned fund balance would move/remain in the restricted fund balances.

# General Fund FY2025-26 Revised & FY2026-27 Revenue Sources *(projected)*

### FY2025-26 Revenue Sources

### FY2026-27 Revenue Sources

# FY2026-27 Expenditure Projection Information

## Salaries & Benefits:

- Salaries: Per settled contracts for FY27 and estimated parameters for unsettled contracts.

## Special Education:

- We are continuing to see increases in expenditures in this area, which is consistent from what other districts around the state are experiencing.
- Legislation has reduced the percentage of special education costs we pay out of the general fund. However, given much higher costs, the actual dollar amount of the cross subsidy continues to rise.
- Federal dollars to pay tuition bills to help offset some of the increases.

## Cost Containment:

- \$2.5 million in reductions. Classroom and direct student instruction remain our top priority. Budget adjustments were strategically directed away from core instructional areas. These are strategic ongoing reductions designed to ensure financial sustainability.

## Class Size Protection:

- Class size parameters remain unchanged. This was a clear priority for the district and in the feedback we received.

## Other Considerations:

- Paid Family Leave: Began in January 2026 so only half of the impact will be felt in FY26 but full effect in FY27. We may need to increase substitute costs in a revised budget after we analyze year end costs for this year and increases in leaves for next year.

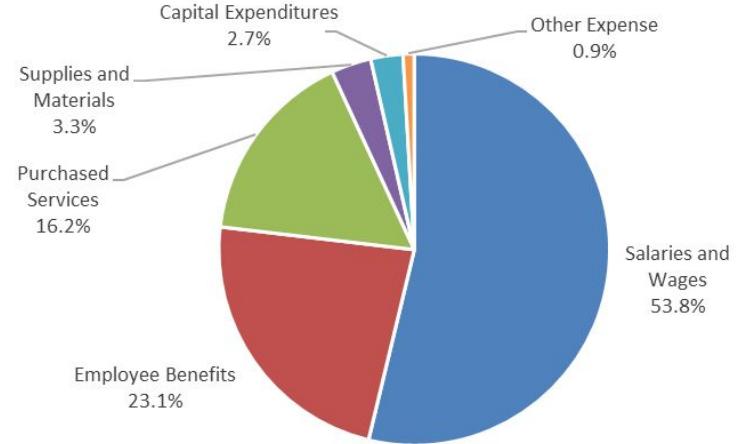

# General Fund 2025-26 Revised & FY2026-27 Expenditures Uses *(projected)*

### FY2025-26 Expenditure Uses

- Salaries and Wages
- Employee Benefits
- Purchased Services
- Supplies and Materials
- Capital Expenditures
- Other Expense

### FY2026-27 Expenditure Uses

- Salaries and Wages
- Employee Benefits
- Purchased Services
- Supplies and Materials
- Capital Expenditures
- Other Expense

# Factors that could decrease projection accuracy

- Changes in student enrollment
- Changes in student needs/programming
- Changes in reimbursement calculations
- Legislative changes
- Uncertainty at the federal level for future funding
- Unfunded Mandates - Waiting to see the actual impacts of the Summer Unemployment & Paid Family Leave
- Current and future staff negotiations

**Questions?**
