Kelly Arritt
Principal

Advisory at Mt. Harrison High School

MHHS holds a ½ hour advisory period on Wednesday each week.

The purpose of this advisory is staff relationships with students. Students stay with the same advisory teacher each year they are enrolled at MHHS. Our hope is that students will develop trust with their advisory teachers and go to them for help when needed.

In advisory we:

go over grades, attendance and graduation progress with students.

work on planning and preparing senior projects.

teach segments on technology etiquette.

help students prepare for student led conferences.

complete student surveys as the need arises.

have students work on assignments/homework.

discuss student concerns about school and life.

take care of student council business—campaign/vote

work with students on Career Information Systems (CIS)

preparation for PSAT and SAT
