SUBJECT: Update Summer 2019 Work Bids

DATE: February 20, 2019

Information Only

There is the likelihood of needing to convert the community room at Irving to a class room. This is in addition to the Lincoln and Longfellow projects for the summer of 2019. No other projects are contemplated at this time.

In the past, these smaller projects have been handled as change orders under the larger Bulley and Andrews construction management contract and that is how the Irving Community Room project will be handled this year. The specific bids and contracts for the Irving Community Room project will be brought to the board for approval in the typical manner.

It is anticipated that the payments for the Irving Community Room project will be larger paid for out of the FY2020 budget.
