

**Medford 7-12 Schools  
School Board Report  
October 17, 2022**

- 1) **Conferences:** we will be holding open house style conferences with all teachers in the cafeteria/commons area for conferences on Tuesday night. Teachers will return to their classrooms for conferences on Wednesday morning. The thought was that we would have better flow and flexibility for parents where they can jump in when there is an opening rather than waiting in long lines.
- 2) **NHS Induction Ceremony-** this is going to be held following conferences on Tuesday night. There are 7 students being welcomed into the group. Those students include: Hailey Chambers, Lydia Heiderscheidt, Cain Johannes, Emely Lazaro, Emma McAdams, Riley Norland, and Peyton Snow.
- 3) **FFA National Convention-** Weston Janke, Isaac Reuvers, Cole Sundahl, Blake Cammock, Aavyn Hummel-Langerfeld, Emily Kappes, Sam Lubben, Josey Homeier, Ashlin Havumaki, Abby Belch will all be attending the National FFA convention October 26th - 28th. Additionally, Madison Jaster, a Medford graduate, will be attending to receive her American Degree.
- 4) **MCA/DATA Results-** although scores are not where we would like to see them, they do seem to be rebounding after a significant covid dip in 2021. Those dips were seen across the state and it will likely take a bit of time to recover in some grades due to learning loss that unfortunately may never fully be restored.
