Background Information:

In alignment with **SB 13 (89th Legislative Session)**, the District Library Advisory Committee (DLAC) was established for the 2025-2026 school year to provide parental oversight of library collections. The committee, composed of parent volunteers appointed by the Board of Trustees, ensures transparency by reviewing potential library acquisitions and collaborating on material reconsiderations. Throughout the school year, the committee met seven times to discuss and vote to move library materials forward for final board vote. We are sincerely thankful for these volunteers and deeply appreciate the significant time, dedication, and collaborative effort they contributed.
