

Vision

Empowering all students to be socially responsible, life-long learners in an ever changing world.

Mission

The School District of Tomahawk will become the school District of choice known for its high levels of student achievement, the excellence of its programs, and its sound stewardship.

Teaching Learning & Relevance	The Whole Student	Communication & Community Engagement	District Workforce	Operational Excellence
Adaptive and focused pathways for growth.	Acknowledgment of the balance of student needs for social emotional development.	Engaging our parents and community stakeholders through excellence in communication.	To attract, retain, and support district staff.	Providing quality facilities and budgeting to support student, staff and community success.

Pillar	Item
TLR	Inservice took place on January 19th. The day was structured to accomplish several tasks including: semester transition and preparation, ACT administration planning, learning management system discussion and curriculum.
TLR/TWS/CCE	Course scheduling for the 2022-23 school year has started. This is a critical process for students to support their Academic & Career Planning goals. Students will be meeting with school counselors and teachers to learn and make decisions regarding course selection. The scheduling process is complex, involving many people and will continue throughout the second semester to align school resources based on student needs.
TLR/TWS/CCE	Parent/Teacher Conferences are being conducted February 7-10. The format is primarily virtual with the ability to be flexible to meet family and teacher needs. THS believes in early and often communication regarding student academic and behavioral performance and appreciates family involvement in the classroom. P/T Conference week is a great time to formally connect with families and continue building supportive relationships.
TLR/TWS/CCE	February is Career & Technical Education Month (CTE). The School District of Tomahawk is fortunate to provide programming in multiple CTE content areas including: Business & Marketing Ed., Family & Consumer Science, Technology & Engineering Ed, and Health Science. CTE plays a critical role in Academic & Career Planning by providing students with real world skills, opportunities to explore careers and find passions, prepares students for college and career success, and facilitates connections with a wide variety of stakeholders in the school, post-secondary, community and business world.
TLR	THS provided an opportunity for students to assess their academic status and readiness for the ACT exam by providing the Practice ACT Exam on February 2. Students will see their performance results and use this information with school counselors and teachers to determine strengths and plans to address areas they would like to improve upon. The ACT exam will take place on March 8th and there will be several other opportunities for students to work with staff to prepare for the ACT test.

TWS	Link Crew will be conducting a social follow up activity with 9th graders on Thursday, February 10th during Resource Hour. This is a great time for Link Leaders to formally check in with their Crews and continue to build relationships and culture.
