

**Middle/High School Board Report**  
**February 2026**  
**Mr. Timm**

**Educate the *difference makers* of tomorrow.**

**Student Achievement**

We completed our pre-registration meetings on January 30<sup>th</sup> and students turned in pre-registration sheets the week of Feb 9-13. We now turn our attention to identifying which classes to run and creating the master schedule. Once complete, students will register for classes in hopefully mid-late April. We are using more of a “college” style registration this year (piloted last year) where we create the master schedule and then let students register for classes based off that. We will work our way from to be seniors down to freshman. The finalized registration manual is attached with all our potential offerings for next year.

MCA Season will be in full swing starting in March. Our sophomores and juniors will be taking the Science and Math tests in early March at the end of 2<sup>nd</sup> Trimester.

Math Wizards 25-26 is having a very successful season! We have four FULL teams of students! They currently have completed two of their three competitions with their last competition coming on February 19<sup>th</sup> 5<sup>th</sup> and 6<sup>th</sup> graders did great and there was a lot of success for RP! A big thank you to Coaches Meredith Johnson and Jon Theuer as well!

<b>Community Engagement</b>	<p>Our Senior Class will be attending the BCC Career Fair in La Crescent on Thursday, March 11<sup>th</sup>. This is a great opportunity for our students to meet industries in the area that are hiring currently as well as make connections for possible summer jobs, internships in the future, or current work.</p> <p>We will be holding our annual Dream Job Event on Tuesday, March 31<sup>st</sup> Our students grades 9-11 will have the opportunity to listen to 3 different career speakers come in and talk about their career field. Mrs. Thompson is working closely with MaryAnne Bedtke, our Career Navigator, to plan this event and help ensure we have many different career fields and areas for our students to experience.</p>

<p><b>School Culture</b></p>	<p>Mental Health First Aid:</p> <ul style="list-style-type: none"> <li>- Gary Wade is incorporating this training into his Decisions class. This is a sophomore level class that all our students take. This will be the 2<sup>nd</sup> year of this training for our students. Research has shown that half of all mental illnesses begin by age 14 and 75% by the mid-20s. Teens sometimes go to adults, but the majority go to friends seeking help/advice. This curriculum helps teens identify, understand and respond to signs of mental health and substance use challenges among their friends. The training gives teens the skills to have supportive conversations with friends and get a responsible and trusted adult to take over as necessary.</li> </ul> <p>Senior Class Trip Update:</p> <ul style="list-style-type: none"> <li>- Seniors will be going to Galveston, Texas again this year for the Senior Class Trip. A big thank you to Mrs. Michel for helping plan the trip. We have made some minor tweaks to improve the trip based off last year and student feedback. I have attached the most up-to-date itinerary of the senior class trip.</li> </ul>
