### Unpaid Lunch Debt

Child Nutrition ended the school year with \$76,890.23 in outstanding debt. Weekly phone calls and emails were sent to parents to remind of payment needed. Monthly billings were mailed to homes from our office as well. \$76,890.23 will be going to the collection agency. Many schools across the state of Minnesota had similar problems with unpaid lunch accounts coming off the pandemic years when lunch was free.

### Universal free meals School year 23-24

Students will be having 1 free breakfast and 1 free lunch when the new school year begins. The state of Minnesota has enacted this for all schools that are operating the National School Breakfast and Lunch program. This program should help with unpaid lunch debts in the future. Universal free meals also give School meal programs a boost as supply chain issues, higher food prices and labor costs have increased Child Nutrition's operational cost. Child Nutrition will be reimbursed by the State and Federal Government for each meal eaten. Breakfast reimbursement is \$2.28 per student and Lunch is \$4.35.
