Board Salute

Cyd Paulsen - Lemay Middle School

Submitted by: Rebecca Holmes, parent

Ms. Paulsen is one of the most engaging teachers I've ever met. She has a special way of bringing every lesson to life and making sure her students see exactly how it matters in the real world. Instead of just reading from a book, she turns learning into a hands-on experience that sticks with them.

I have heard from many students that she is the best teacher they've ever had, including from my own son, who I'm pretty sure will never forget her, even though she has only subbed in his class once. She truly makes the classroom a place where the kids want to be.
