Subject: Student One Card Badge Solution – Cooperative Contract(s)

Background Information:

- Effective August 1, 2025, the District transitioned to self-operated Student Transportation Services after more than twenty-five years of contracting these services to external vendors.
- Using a vendor awarded through a Lewisville ISD-eligible cooperative contract will ensure compliance and maintain efficient bus transportation access for all eligible students as the District transitions to internally managing bus route planning and updates.
- If approved, the cooperatively contracted vendor, CI Solutions, will implement an initial program serving elementary campuses at the beginning of the 2026–2027 school year, with secondary campuses added the following semester. Pre-K campuses may be implemented at a later date; associated costs are included in the estimated expenditures. The agreement will be for a three-year term.
- Utilizing CI Solutions on a Lewisville ISD-eligible cooperative contract would provide a single-card solution capable of managing student access across multiple service platforms, which may include transportation needs, cafeteria, library, attendance, and device and door access, while supporting the District in achieving the best value.
- Best value involves considering several factors, which may include, but are not limited to, price, quality, availability, support, and other relevant factors.
- Interlocal cooperative contracts have gone through a competitive procurement process and comply with local, state, and federal procurement laws.

Administrative Consideration:

- Funds for these products and services come from the Transportation Department budgets and may include other budgets as additional programs are implemented.
- This is a new initiative that will replace expenditures with current vendor solutions.
- Estimated annual expenditures:
 - 2026–2027: \$207,900 - Initial year startup but will not exceed the approved budgets.
 - 2027–2028 and 2028–2029: \$59,700 annually for lease of equipment and services, plus additional equipment and supplies as needed, but will not exceed the approved budgets.
- This procurement complies with Section 44.031 of the Texas Education Code and other state, local, and federal procurement laws.

Recommendations:

- That the Lewisville ISD Board of Trustees approves the use of a Lewisville ISD-eligible cooperative contract(s) with CI Solutions for a student one card badge solution and the annual estimated expenditures for a three-year contract.

Timeline/Report:

- Term: July 2026 – June 2029
