

## High School Board Report 11-10-20

### Overview:

- Mock interviews were conducted virtually this semester with students. Overall, things went well and it was a positive experience for students and their interviewers. Participants had an opportunity to conduct a formal interview in a virtual environment, which is becoming more popular in the current environment. We want to thank Tomahawk Extended Area Partners in Education for their commitment to our students and facilitating the interview process with students. We could not do this without your expertise and time.
- Learning Labs continue to be available in the THS Cafe after school Monday through Thursday and throughout the day on Friday. Usage continues to grow as students experience the benefits of having a space to complete school, as well as the ability to schedule assistance with specific teachers. Thank you to the staff that supervise and coordinate the Learning Labs.
- District Professional Development took place on October 30. Mrs. Burzyinski developed various whole staff and individual learning options for staff to join. Topics were relevant to the current learning environment and address student needs.
- Parent Teacher conferences will be held virtually this semester. Parents and staff are communicating to schedule a conference between November 9 and November 13. Conferences will occur via Zoom or phone. Parents can find teacher contact information on the school website.
- The State Cross Country Championships were held on October 31st in Colby. The girls advanced as a team to State and finished in 8th place. Team members include: Rachael Reilly, Greta Tjugum, Katherine Reilly, Morgan Hansmann, Emily Lacina, Macey Mann, and Ava Dragosh. Noah Buckwalter advanced to State as an individual and finished in 45th place. Congratulations to the THS Cross Country teams on a great season.
- The One Act Play competed virtually in the District level competition. The virtual format is unique and students have adapted well to the many variables that have come into play. At the time of this report being written, they are awaiting the judging results to determine if they will advance to the next level.

Students of the Month October 2020	Trey Morrison	9
	Lexi Baker	9
	Kendyl Hetzel	10
	Taje Casey	10
	Collin Ott	11
	Abby Jaecks	11
	Dominic Daniels	12
	Alexis Davidson	12
