DECEMBER 2024

CULTURE AND CLIMATE

Thirsty Thursday: A cart of drinks was rolled through the hallway for staff to enjoy

“Underground Spirit Week”: A special spirit week was planned for staff only!

Staff “Bee Bucks”- if you catch a staff member doing something extra special- give them a shout out! Weekly winners will be drawn to pick a prize!

CONSCIOUS DISCIPLINE

Coach: During the SIP day on 11/13, staff met our Conscious Discipline coach. She came to observe our classrooms and provided the entire staff with an interactive training. She taught strategies we could implement with students the NEXT day!

E-Course: Staff has participated in their first E-Course titled “Handling Upset”. The second course is Dec. 17th. We will then zoom with our coach to discuss what we have learned so far.

Friends and Family Board: The first task of our CDAT (Conscious Discipline Action Team) team was to implement a board of pictures from staff. The kids love seeing their teachers on the board. We are still adding to it everyday.

POLAR EXPRESS FAMILY NIGHT

On December 5th, families were invited to the DHS Auditorium to watch the Polar Express. Students were given Golden Tickets when they entered. There was even a special appearance from Santa at the end of the movie! We enjoyed seeing everyone together, spreading holiday joy!
