

CONSIDERATION OF APPROVAL OF GAS/DIESEL BIDS

Action Item:

This agenda item shall allow for the consideration/approval of gas/diesel bids for next year. Additional information will be provided as they are related to this subject (as we haven't received those bids at press time). Also, Mr. Wood will be present in order to answer any questions.

Recommendation:

(I actually don't have a recommendation at this time, since Mr. Wood is still awaiting these bids. However, I am sure we will know which direction we need to go by next week....before the board meeting.)
