

FIS School Board Report June 16th, 2026

End of the School Year

As another school year comes to a close, we have had the opportunity to celebrate many memorable experiences with our students.

Our 5th-grade students participated in their annual D.A.R.E. graduation in the FIS auditorium. This program continues to be a great partnership between our school and local law enforcement, helping students build important life skills and make positive choices. Thank you to the Benton County Sheriff's Office for the time and effort they invest in making this program possible for our students each year.

Our students in grades 6–8 enjoyed Spring Exploration Day, one of the highlights of the school year. Students were able to choose from activities such as Valleyfair, Topgolf, Blacklight Adventures, and McPete's. The weather cooperated, and students had a great time spending their final day of school with friends and staff. Exploration Days provide opportunities for students to experience activities and learning outside of the regular school day, and they continue to be a favorite tradition at FIS. I was especially proud of how our students represented our school and community while off campus. Their positive behavior and respectful attitudes were noticed throughout the day.

Our 4th- and 5th-grade students also wrapped up the year with class picnics at the park, giving them a chance to relax, celebrate, and enjoy time together as a grade level.

Thank you to our teachers, staff, volunteers, and community partners who helped make these experiences possible. We appreciate all that you do to create meaningful opportunities and lasting memories for our students.

PBIS School Exemplar Status

FIS was selected and awarded the Exemplar status for our school's PBIS team. Additionally, our district was awarded Exemplar status as well. We have some additional training sessions that will take place over the summer, which FIS will participate in.

8th Grade Awards

As we wrapped up the school year, we held our 8th-grade awards and slideshow. This showcases the highlights of our 8th graders over their school years at FIS. Additionally, congratulations to our Presidential Award and Wall of Fame recipients. Your dedication and hard work are noticed.

FIS Building Schedule

Currently, FIS is in the process of finalizing our building schedule for next year. It has been challenging, but overall a great process to provide more access and opportunities for our students. Communication to families, students, and staff will be sent out soon.
