

# Executive Summary

## Prepared for Board of Trustees Meeting

### November 16, 2021

## Discussion of Attendance Boundary Modifications

---

### **Board Goals:**

Parent and Community Involvement – Foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students; work continuously with the community in planning and facility development;

Growth, Change & Fiscal Responsibility – Review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community; and, create and continuously modify strategies to mitigate increasing stresses on our children, our schools and our community

### **Purpose of Report**

To provide the Board of Trustees an overview of proposed attendance boundary modifications to Paloma Creek Elementary, Savannah Elementary, and Union Park Elementary School. This will also establish the boundary modifications for Sandbrock Ranch Elementary.

To also provide the Board of Trustees an overview of proposed attendance boundary modifications to Ginnings, Evers Park, Hodge and Stephens Elementary School boundaries.

### **Objectives**

#### **Sandbrock Ranch Elementary**

During recent attendance boundary discussions, the District explored the impact of future developments on the enrollment at Sandbrock Ranch Elementary. With current attendance boundaries, these future developments would have significant impact to enrollment capacity at Union Park Elementary, Paloma Creek Elementary, and Savannah Elementary. After review of demographic impact research provided by Zonda Demographics, we propose adjusting the attendance boundaries of Union Park, Savannah, and Paloma Creek Elementary Schools to allow this future development of the Sandbrock Elementary School boundary.

#### **Ginnings to Evers Park**

The District explored the impact of future developments on the enrollment at Ginnings Elementary School. With current attendance boundaries, these future developments would have significant impact to enrollment capacity at Ginnings Elementary. After review of demographic impact research provided by Zonda Demographics, we propose adjusting the attendance boundaries of Ginnings and Evers Park Elementary Schools to allow this future development to be included in the Evers Park Elementary School boundary.

# **Executive Summary**

## **Prepared for Board of Trustees Meeting**

### **November 16, 2021**

## **Discussion of Attendance Boundary Modifications**

---

### **Hodge to Stephens**

During recent attendance boundary discussions, the District explored the impact of future developments on the enrollment at Hodge Elementary School. With current attendance boundaries, these future developments would have significant impact to enrollment capacity at Hodge Elementary School. After review of demographic impact research provided by Zonda Demographics, we propose adjusting the attendance boundaries of Hodge and Stephens Elementary Schools to allow this future development to be included in the Stephens Elementary School boundary.

### **Operational Impact**

#### **Sandbrock Ranch**

Operational impact is minimal at this time. Construction of Sandbrock Elementary is proceeding as scheduled and should be open by the 2022-23 school year.

#### **Ginnings to Eves Park**

Operational impact is minimal. At the time of these discussions these developments have yet to begin construction.

#### **Hodge to Stephens**

Operational impact is minimal. At the time of these discussions these developments have yet to begin construction.

### **Results**

#### **Advantages:**

#### **Sandbrock Ranch**

Modifications to the boundaries of all three schools would provide the greatest campus size efficiency for a longer period of time.

#### **Ginnings to Evers Park**

Modifications to the Ginnings Elementary School attendance boundaries would address the significant impact to enrollment capacity anticipated if the future development remains within the current attendance boundary of Ginnings Elementary. Adjustments while no homes are completed, would allow the District to avoid rezoning attendance boundaries after students in this development begin attending our schools.

**Executive Summary**  
**Prepared for Board of Trustees Meeting**  
**November 16, 2021**  
**Discussion of Attendance Boundary Modifications**

---

**Hodge to Stephens**

Modifications to the Hodge Elementary School attendance boundary would address the significant impact to enrollment capacity anticipated if the future development remains within the current attendance boundary of Hodge Elementary. Adjustments while no homes are completed, would allow the District to avoid rezoning attendance boundaries after students in this development begin attending our schools.

**Disadvantages:**

**Sandbrock Ranch**

None

**Ginnings to Evers Park**

Modifications to the attendance boundaries of Ginnings Elementary School and Evers Park Elementary require continued monitoring as it is anticipated they may reach capacity in the coming years based on Zonda's projections.

**Hodge to Stephens**

Modifications to the attendance boundaries of Stephens Elementary School and Hodge Elementary School require continued monitoring as it is anticipated they may reach capacity in the coming years based on Zonda's projections.

**Other Options**

None
