

# SCHOOL BOARD MEETING REPORT

RECEIVED  
MAR 22 2013  
TRSD  
SUPERINTENDENT

Board Meeting Date: April 15, 2013

Agenda # \_\_\_\_\_

Staff: Dave Marks

Superintendent: Dan Huber-Kantola

Type of Item:  Informational  Action

**Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

The Association would like to revisit and implement more ideas from the 2011-12 community sustainability meetings.

### Provide history/background information on your proposal.

In 2011-12 the District held sustainability meetings and the community provided numerous ideas.

### List the advantages of your proposal:

Details to be covered in the PowerPoint presentation. In short, anytime we can acknowledge, honor, and incorporate community suggestions we should make every attempt to find a way past the road blocks.

### List possible disadvantages of your proposal:

Some people find change difficult. Others may like the status quo. In short, the disadvantages are minimal.

### List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

The State could fully fund education at the Quality Education Model (QEM) funding level, or they could fund transportation more equitably for rural districts. This is outside the direct control of the District and Association, so we're looking for local solutions for the 2013-14 school year.

Superintendent's recommendation(s):

Approve: Yes  No
