GOAL: 4

SUBJECT:

Maximum Class Size Exception Waiver for Elementary Schools in Grades PreK-4.

RATIONALE:

Each school district in Texas is required to review its class size enrollment to ensure that class sizes for grades prekindergarten (PK) through four comply with Texas Education Code (TEC) §25.112. If the review determines that any PK–4 class exceeds the allowable limit of 22 students per class (22:1), the district must submit a Request for Exception in accordance with TEC §25.112(d).

Currently, Scott Johnson Elementary and Samuel Walker Houston Elementary have certain grade-level sections that exceed the 22:1 student-to-teacher ratio.

RECOMMENDATION:

I recommend that the Board of Trustees approve the 2025-2026 Application for Maximum Class Size Exception Waiver for the two designated elementary schools Scott Johnson Elementary and Samuel Walker Houston Elementary.
