

Sheridan School District Long Range Planning

Sheridan School Board has requested information regarding the facility needs in all of our buildings. This information will be utilized in their long range planning and our Bonding process. (see the Bond & Facility Phases)

The school board facility committee met on March 6, 2012 and started the list from the 1999 DLR Group Facility Planning Resource folder and their current Facility Long Range Targets.

The Sheridan School Board would appreciate your suggestions on the areas needing improvement.

Just add it to the list.

The list will be compiled and a committee will prioritize The List. If you are interested please let your administrator know.

Project	Description	Estimated Costs	Priority
Troject	Description	Costs	THOTHY
